16 It is reported by the Vice President who is also the President of the Trust Board that no site is available for putting up separate buildings for the Hospitals. It affords an additional reason why the original order of adding a first floor to the present structure for which administrative sanction has already been accorded in Government Order No.611-17/ Muz.43-30-4 dated 16th September 1930 has to be adhered to.

7 As regards the cost of The construction it has since been reported by the Superintending Engineer (Vide copy of his letter No.2198 dated 11-4-1931 enclosed) that the cost of the estimate, after checking, stands at Rs.30,953/- which is over the sanctioned amount by just Rs.6,000/- in round figures and that if the domes which are estimated to cost 5,370/- are omitted for the present the cost will be Rs.25,583/-. This suggestion may be considered in consultation with the Consulting Architect. If it is to be adopted I request sanction of Government for countersigning the estimate for --- Rs.25,583/-. The additional cost on this -- account viz., Rs.583/- may be sanctioned from State Funds as the Chattram Savings Fund has already contributed Rs.15,000/- towards the existing building and as it is proposed to pay Rs.15,000/- to the proposed first floor i.e., Rs.30,000/- in all.

FINANCE
25 APR. 1931

If however the domes are considered necessary -- an additional grant of Rs.6000/- from State Funds may be sanctioned and the work ordered to be ------ executed.

B a n g a l o r e.

S i r,

Adverting to G.O. No. 611-17/Muz.43-30-4 dated 16th September 1930 accepting the donation of Rs.10,000/- offered by Dharmaprakasa Mr. D. Banumiah, and approving the proposal of this office to raise a first floor over the present Ayurvedic and Unani College building, utilising the donation supplemented by a Government contribution of Rs.15,000/- from the Chatram Savings Funds for the purpose, I have the honor to forward herewith an abstract estimate and plan received with the Mysore Special Division Executive Engineer's letter No.1657 dated 20-1-1931. The estimate for raising the first floor comes up to Rs.32,250/- while the amount sanctioned for the purpose in the Government Order under advertence is only Rs.25,000/- including the donation of Mr. Banumiah. The estimate exceeds the sanctioned amount by Rs.7250/-. Further orders of Government sanctioning this excess and the source from which it has to be met appear to be necessary.

2. Moreover, the College Committee at their meeting held on 16th October 1930 have passed a resolution stating that a recommendation be made to Government to construct Mr. Banumiah's Ayurvedic and Unani Hospital as two separate buildings to the east and north of the College building, utilising the donation together with the Government contribution for the purpose and that the Trust Board be requested for a free grant of the site. This

recommendation is in conflict with the proposals already sanctioned and I submit it for orders.

3. In the above circumstances, I submit the plan and estimate, without my countersignature, for obtaining further orders of Government in the matter.

I have the honor to be,

Sir,

Your most obedient servant,

Muzrai Commissioner.

M.B.R.

tter No.2198 dated 11th April 1931 from the Superintending Engineer, Mysore Circle to the Chief Engineer of Mysore.

Re: the construction of a First Floor of Ayurvedic and Unani College Buildings at Mysore.

In continuation of this office No.1423 of 31-12-30 on the above subject, I have the honor to submit herewith an estimate -- duly checked for Rs.30,953.

A copy of the report accompanying and the abstract estimate are reported to have been sent both to the Revenue Commissioner and Dharmaprakasa Sowcar D. Banumayya for obtaining their counter-signature to the proposals. But since they have not returned that countersigned so far I am requesting them to do so at an early -- date.

Administrative sanction has however been given by Government in their order No.611-17/Muz.43-30-4 of 16-9-30 (copy forwarded - with your Memo No.5095 of 10-10-30) that a building costing Rs.25000 may be put up from the sources referred to in that order. Accordingly the estimate herewith submitted exceeds the amount sanctioned by Rs.(30,953-25000) Rs.5950 or Rs.6000/- in round figures & it is for orders of Government as to how this additional sum should be met. I wish to mention that the domes are estimated to cost Rs.5370/- and if they are omitted the 1st floor can be constructed within the sum of Rs.25000/- allotted in G.O.referred to above.

The design adopted is as per the one approved by the Dewan. Calculation sheets are enclosed in support of the sections adopted.
